Success is a result of doing the right things for the right reasons. Honda of Covington knows that customer satisfaction, employee team building and community outreach are at the top of the list. Kids Wanna Help shares this philosophy, teaching the next generation through the Lemonade Brigade that entrepreneurship and philanthropy go hand in hand. As Kids Wanna Help reaches \$100,000 in giving, Honda of Covington continues its support as a Platinum Sponsor.

Kids Wanna Help founders Mary-Brent and Beverly Brown know that a successful business requires reliable transportation. Mary-Brent's 2012 CR-V AWD provides that—and more! Plenty of legroom and storage, high fuel economy, side/curtain airbags, Bluetooth, satellite radio and, of course, a sophisticated look. The car she chooses to drive—for all the right reasons.
